Some kind a strange kind of feeling's comin' over me
I bled from the back to the front for the world to see

You gotta run, you gotta stay
'Cause I'll be screaming to have had my way
I got my head in the gutter
And it looks as if it's gonna stay

I just can't take it
I don't you say it
I, I can't take it, oh

I, fuck me down now
I, run me down now
I, run around now, oh

I now have hit the ground
And just look at what I found
Everything is alright when you're down, hey, hey

Strange as it can seem
Like livin' in a scream
Everything is alright when you're down, hey, hey

Everything is alright when you're down
Everything is alright now we're
Everything I say is going wrong, hey, hey

Hey, hey, hey
