

## Jesus And Mary Chain "Girlfriend"

Don't wanna hear 'bout your sins  
Dirty little stories about needles and skin  
Don't wanna hear 'bout how you scored  
The guys who tripped, how you're dress got torn

Don't wanna speak in the same old tongue  
Don't wanna bite and I don't want burned  
Don't wanna live in the same old place  
Got new ideas and I got new taste

Come on, you are my friend  
Some things will never end  
We done our time and we had some fun  
I want to get things done

Don't wanna hear 'bout your sins  
Dirty little stories 'bout needles and skin  
Don't wanna hear 'bout that stuff  
You've done too much but it's not enough

One more kiss turns to one more hit  
Well, I don't feel like kissing on it  
One more hit turns to one more crash  
You move too slow but it's much too fast

Come on, you are my friend  
Some things will never end  
We done our time and we had some fun  
My life has just begun
