You finally find your helpless mind,
is trapped inside your skin.
You want to leave,
but you believe you won't get back again.
You only know
you have to go but still you can't deny
You try and try,
you die and die.
You're stuck on your own now
Reverberation,
reverberation.
You find no peace,
it doesn't cease,
it's deadly irritation.
It keeps you blind,
it's there behind,
it's every permutation
It holds your thought,
your mind is caught,
your fixed with fascination.
You think you'll die,
begin to lie,
it's backwards elevation.
Reverberation,
reverberation.

You see reverberation,
in this incarnation,
ooh, it's a sensation,
but it's just reverberation.
You start to swerve,
the downward curve,
that catches up your fears.
Each thing you do,
comes home to you,
and downs inside your ears.
Your start to fight against the night,
that screams inside your mind.
When something black it answers back,
and grabs you from behind!
Reverberation,
Driving you insane

Reverberation,
Reverberation,
