U.V. RAY - The Jesus and Mary Chain  
There's treasure in the pit of the hideous sin  
Unpeel ice cool velvet skin  
Junk eats trash in a chemical kiss  
T.V. poison tastes like this  
Broken down Jesus with a taste for trash  
Ice cool hip swinger moves too fast

Tear stained nightmares in the cold light of day  
sick sick nightmares just won't go away  
You gotta kick it while it's on  
You gotta take it while it's going  
You gotta walk before you run  
You're getting fun fun fun
