## CHAPTER ONE

victim of atrocities  
my razor blade  
the oceans shall rise sky deep reach inevitable  
chaotic pace  
smoke stack pollutes digestion  
is the end of man upon us friend?  
if it is so  
wrath of mother earth upon us friend?  
thy soul shall crumble  
the cleansing process  
suffocate the infectants

## CHAPTER TWO

lyrics by Carley COMA

## CHAPTER THREE

organica  
i'll send my swollen dreams  
sunami thereafter  
i'll clean the still and fragile plate clean  
better fools than me  
i'll cut it off  
run it off  
set it off  
anticipating thieves

## CHAPTER FOUR (lyrics by Paul Thorstenson)

dire wraths haunt this garden of never-smile  
volcanic magma spiteful lava  
spitting venom and bile

my veins pump masochistic visions  
in some morse-code rescue transmissions  
confusion cutting circles  
in the crops and high plains  
raising cain, the king of pain  
as catastrophic reigns

i drown the desert  
shout down the sky  
command the forces of nature  
to bow down before me and die
