Now maybe  
I didn't mean to treat you bad  
But I did anyway  
Now maybe  
Well some will say your life was sad  
But you lived it anyway  
And so maybe  
Your friends can stand around and watch you crumble  
As you fall into the ground  
And some day  
Your friends can stand beside as you are flying  
Oh you are flying oh so high  
But then someday people look at you  
The world they called their own they watch you suffer  
Yeah hear you calling home  
And someday we can take our time to brush the leaves  
aside so you can reach us  
Hey but you left me far behind  
Now maybe  
I didn't mean to treat you oh so bad  
But I did it anyway  
And now I'm sayin  
But maybe  
Some will say your left with what you had  
But you couldn't tell the pain yeah  
No no no  
Couldn't share the pain to watch you suffer  
Mmm..  
Now maybe  
Couldn't make my own mistakes  
But I live with what i'd known  
And then maybe  
We might share and something great won't you look at  
where we've grown  
Won't you look at where we've grown  
And someday comes tomorrow holds  
Sense of what I fear for you in my mind  
As you trip of final line  
And that cold day when you lost control  
Shame you left my life so soon you should have told  
me

Hey but you left me far behind  
Now maybe  
I didn't mean to treat you oh so bad  
Oh but I did it anyway  
Now maybe  
Some could say that you what you had  
But you couldn't share the pain and no no

Oh no  
Oh no no no no no  
Oh no  
Said oh no  
Said oh no  
Said oh no  
Well maybe  
Said maybe  
I didn't mean to treat you up so bad  
Oh but I did it anyway  
No said oh maybe baby  
Some could say you left with what you had  
But you couldn't share the pain  
Oh said no  
Time's have changed and friends have come to watch  
you crumble to the ground  
They watch you suffer  
Well they hold you down oh  
Your down to the  
Maybe  
Maybe  
Didn't mean to treat you bad  
But you left me far behind  
Left me far behind  
Left me far behind..
