perversion
the chambers exercised
I shall give you mourning
climate escalated
360 degrees of madness
words swell steep
evil of the dignities
eat the bread
obese
furnace in the bowls
suffering the vengeance
naked
marveled in the temptations
collaborate
shineth in the strengths
crawl out the medium
atmosphere of thieves
inhabitants of illness
the things that shall be hereafter
clouds of black
rich in their destiny
the frost freezes over
anguish
lightings
thunderings
the burdens
pour into oceans of madness
the religions broken
midst of the elders arise
gracious in all the slaughters
grotesque in size
whence thou art fallen. i.ve risen
mind over the matters
the matters
under mind
rear in what you sow
the colonies collide
refuge
in the depths
lower than
the lowest of life
swallow up the floods

dragons of nourishment
cum upon the seed
the blooming of disease
from the sack
of wanting needs
sperm of a thousand young
soaking
drenching
drip
