Your life means nothing
Until you grasp the challenge of struggle
Dwelling inside, pressure is arising thusly.

Like the nameless king
I am he who speaks in flames
The form of who I was embracing me

I'm sizing you up, I'm breaking you down.
You think I'm suffocating but I'm breaking you down.
I'm sizing you up, I'm breaking you down.
You think I'm suffocating but I'm taking you down.
Taking you down
Watching you drown.

I walk the endless mile
can you feel the pressure?
My heart splits in two
And it leaks forever.
I can't wait.. and suffocate
Watches constantly, choking inside of me forever

I am a fountain of pain, I will expose myself to feed you
all.
A bleeding heart that drips in me, without you I will fall.
I will break myself in pieces. So you can pick me up.
Believe it, Believe it, Believe it, it will mend my stitches.

I'm sizing you up, I'm breaking you down.
You think I'm suffocating but I'm breaking you down.
I'm sizing you up, I'm breaking you down.
You think I'm suffocating but I'm taking you down.

I walk the endless mile
can you feel the pressure?
My heart splits in two
And it leaks forever.
I can't wait.. and suffocate
Watches constantly, choking inside of me forever

Rise up and take your bow.

Stand up and lay down
Lay flat
On your back you will regret the past
break it up, look around.
My face will be the last, be the last.

I walk the endless mile
can you feel the pressure?
My heart splits in two
And it leaks forever.
I can't wait.. and suffocate
Watches constantly, choking inside of me forever
