You can hear the night is calling with itA¦ÂŠÂ¯ sentences unended And the promises it seldom ever keeps I have to hear some music that will make the windows shake

Either that or sounds to make my heart ache

Dressed like this, itæÂŠÂ⁻ the best that I can do The mirror sees me out the door

Hello Neon! Are you ready for me Turn up all your lights for me

IæÂŠÂ¦ a heavy passive smoker and a hyperactive drinker

And IæÂŠÂ¦ squashed between two I donæÂŠÂ° know She thinks she once met me was it quite some time ago?

He just looks away and he lets his boredom show

This conversation itA¦ÂŠÂ⁻ the best that I can do Beyond the weather and the news

Hello Neon! Are you ready for me Turn up all your lights for me

Hello Neon! Are you ready for me Turn up all your lights for me

(Help me!) (Help me!)

Is this the best

(Help me!)

(Help me!)

(Help me!)

(Help me!)

(Help me!)

(Help me!) I can do

```
(Help me!)
(Help me!)
(Help me!)
(Help me!)
now?
```

Decision time what \tilde{A} \hat{A} \hat{A} the best for me to do Is it a bus or a taxi home?

Hello Neon! Are you ready for me Turn up all your lights for me
