A woman on the radio talked about revolution  
When it's already passed her by  
Bob Dylan didn't have this to sing about you  
You know it feels good to be alive

I was alive and I waited, waited  
I was alive and I waited for this  
Right here, right now  
There is no other place I want to be  
Right here, right now  
Watching the world wake up from history

I saw the decade in, when it seemed  
The world could change at the blink of an eye  
And if anything  
Then there's your sign... of the times

I was alive and I waited, waited  
I was alive and I waited for this  
Right here, right now

I was alive and I waited, waited  
I was alive and I waited for this  
Right here, right now  
There is no other place I want to be  
Right here, right now  
Watching the world wake up from history

Right here, right now  
There is no other place I want to be  
Right here, right now  
Watching the world wake up from history

Right here, right now  
There is no other place I want to be  
Right here, right now  
Watching the world wake up...
