If everything I know is wrong
Then it's high time I moved on
Cleanse myself of my mistakes
Be new to the world and celebrate it

Up from the ashes i'm
Starting from scratch
A new lease in life, i'm
Starting from scratch

Looking for something I've lost
So I can find what my future will cost
See if I can look in my eyes
Go out in the world with no disguise

Up from the ashes i'm
Starting from scratch
A new lease in life, i'm

Starting from scratch

Up from the ashes i'm
Starting from scratch
A new lease in life, i'm
Starting from scratch

Back from the dead i'm
Starting from scratch
A new lease in life, i'm
Starting from,
Starting from,
Starting from scratch
