Got my hands in your pockets
I'll take what I need
And my feet I've been walking
Coz nothing is free
It's the end of the day
I don't hear what you say
At all

Got a mouth full of concrete
At every meal
Got a fist full of nothing
Coz nothing is real
It's the the end of the day
I don't know how to feel
At all

Hey man, you gotta understand
I got the world in my two hands
Hey man, never goin back, never goin back
No shame, blood in my veins
I got one life and it won't change
Hey man never goin back, never goin back

This is what I say

Come on, Come on
I don't need anyone to tell me what to believe
Come on, Come on
Shout it out everyone you can tell me what you believe

Now I am a young man
I see cracks in the steel
If they ask you to stand
Well they just want you to kneel
If you don't know what you want
Then you're just gonna have to take it all

Hey man, you gotta understand
I got the world in my two hands
Hey man, never goin back, never goin back

This is what I say

Come on, Come on
I don't need anyone
Yo tell me what to believe
Come on, come on shout it out everyone
You can tell me what to believe

People say the rain is kinda fallin down
Everyone was talking
(Talking out the side of their)
People they were talking
(Talking out the side of their)
People they were talking
(Talking out the side of their mouths)
Talking out the side of their mouths

Come on, Come on
I don't need anyone to tell me what to believe
Come on, Come on shout it out every one
You can tell me what to believe
You can tell me what to believe
