Tell me everything  
Tell me everything  
Everything will be alright  
It's gonna be alright

Tell me everything  
Tell me everything  
Everything will be alright  
It's gonna be alright  
They'll never hurt you again

Now where to run no end in sight  
Tell everyone that you are right  
Yeah

Tel me tel me again will it ever end  
Nothing seems to come out right  
It doesn't come out right  
Ain't it the truth

No where to run no end in sight  
Tell everyone that you're are right  
All of this life I never meant to tell a lie  
And if I can hold I tell you its alright

[Instrumental]

No where to run no end in sight  
Tell everyone that you're alright  
All of this life I never meant to tell a lie  
And if I can hold I tell you its alright

And if I can hold I tell you its alright
