(yeah)

I got this not notion from another man
He put this dead fish in my hand
Paper weight baby it's my name
I hold you down 'cause your all the same to me

(that's right)

(yeah)

You do whatever you want baby i'm your man
And i can help you yes i can
Paper weight baby it's my name
I can't relate 'cause your all the same to me

(OH that's right)

(yeah)

'cause it makes no difference what they say
Were goin on holiday
It makes no difference what they say
Were goin on holiday

(that's right)

(yeah)

Been up all night and i sleep all day
Why oh why do i live this way
Come on, pritty girl sit next to me
'cause im a 10 foot diamond on a christmas tree
Can't you see

Makes no difference what they say
Were goin on holiday
Makes no difference what they say

Hold my cards just to get me on the front page
Were goin on holiday
Makes no difference what they say

They never gunna see me again
