## "Rocket 2 U"

Baby, baby, when I called you on the phone today  
You sounded frantic when you said "Come over, right  
away"

Oh, baby, baby, won't you say what's on your mind?

Your TV set is acting up and you don't understand  
You're so upset because you can't watch "All My  
Children" and  
You wonder if there's something I can do for you

Well all that I can say...

Baby, I can rocket 2 u  
Honey, the only thing I can do  
Baby, I can rocket all night (rock the night away)  
One thing I know I can do (I can rocket 2 u!)

Don't call me when your car just can't get into second  
gear  
Or when your kitchen sink is shooting water in your ear  
Oh, baby, baby, I have told you this before

Is there a special reason that you just can't understand  
I'm not the one to call when you need a heavy man  
Unless whatever needs fixing, girl, is you

And I just have to say...

Baby, I can rocket 2 u (I can rocket 2 u)  
Honey, the only thing I can do  
Baby, I can rocket all night (rock the night away)  
One thing I know I can do (I can rocket 2 u!)

Don't call me when your toaster won't pop up  
Don't call me just to cut your lawn

Don't call me when your radio cuts off  
In the middle of your favorite song  
Don't call me when your shower just went Uh-uh, no,  
baby, don't call me  
I think I told you this about a million times  
You know, it's not my cup of tea

I can rocket 2 u  
The only thing I can do  
I can rocket all night

I can rocket 2 u, baby  
Let me rocket 2 ya, oh yeah  
Just a little bit more

Baby, I can rocket 2 u (I can rocket 2 u)  
Honey, the only thing I can do  
Baby, I can rocket all night (it's all that I can say)  
One thing I know I can do (that's all that I can do)

Baby, I can rocket 2 u (I can rocket)  
Honey, the only thing I can do (it's all that I can do)  
Baby, I can rocket all night  
One thing I know I can do (baby, I can rocket 2 u)

Baby, I can rocket 2 u  
Honey, the only thing I can do  
Baby, I can rocket all night  
One thing I know I can do
