I get back home at a quarter to four  
Whatcha doing with your keys inside my door  
Seventeen and you've never been here beforeeee

I tried my best not to put you down,  
There's a hole in my head where the words fall out  
Don't care what faithless people sayyyy  
Should I careeeee

Ooooihhhhoooooooo  
Ooooihhhhoooooooo  
Seventeen  
Ooooihhhhoooooooo  
Don't change one thing  
Ooooihhhhoooooooo

We take our chances everyday  
We watch those bleeding hearts decay  
I'd walk through walls, would it make you stay  
I burned my bridges and I've burned my friends  
If I had my time I'd do it again  
Don't care what faithless people sayyyy  
I don't care

Seventeen  
Ooooihhhhoooooooo  
Don't change one thing  
Ooooihhhhoooooooo

Just burn to the end  
At Seventeen girl  
Ooooihhhhoooooooo  
Seventeen  
Ooooihhhhoooooooo  
Don't change one thing  
Ooooihhhhoooooooo  
Just burn to the end  
At seventeen girl  
Ooooihhhhoooooooo

I don't wanna talk, I wanna go home  
There's a voice in my head, won't leave me alone

I want you to follow me home  
Cause I know this star that we transcend could be the  
only chance we get

Seventeen  
Iâ've never been here before  
Seventeen  
Ooooihhhhoooooooo  
DonÂ't change one thing  
Ooooihhhhoooooooo  
Just burn to the end  
At seventeen girl  
Seventeen  
Ooooihhhhoooooooo  
DonÂ't change one thing  
Ooooihhhhoooooooo  
Just burn to the end  
At seventeen girl  
Burn to the end
