She holds a grudge like no other woman I ever met
before
Yeah, there are some tears, then after it's like a million
years
Well, she comes around but I can't tell if she let herself
be held
I gotta do something sometimes

Once in my life I'm gonna say sorry before I die, yeah

When I'm alone, well I don't feel I think too much
Well I don't know enough, no one's right all the time
I gotta do something sometimes

Once in my life I'm gonna say sorry before I die
Baby I'm sorry, so sorry, I apologize
Babe when I hold you then you will know you're my
woman

Believe me it is the only way
Don't leave me, hear what I say
Yeah, carry me back home, back home

For once in my life I'm sorry, I apologize
Babe please don't tell me that all you see is black, no
And when I hold you then you will know you're my
woman
