My, my, at it again
Put your finger in the handgun
I fall down and I try to get up
But you smack me like a pinball
Soul, where did it go?

C-c-c-climb to the top of the mountain
But you're still alone
K-k-k-kicking down your front door
But you're never home

(That's all lies)
I wanna see, yes I wanna see
(That's all lies)
But everybody close the door on me

(That's all lies)
I think I'll download a brand new head
(That's all lies)
I'm already dead

I think I've seen the light
Yeah, I, I'm gonna be here a long time

My, my, at it again
But you said you don't need it
My, my, at it again
But you said you don't need it
Soul, where did it go?

C-c-c-climb to the top of the mountain
Break your backbone
K-k-k-kicking down your front door
But you're never home

(That's all lies)
I wanna see, yes I wanna see
(That's all lies)
But everybody close the door on me

(That's all lies)
I think I'll download a brand new head

(That's all lies)
I'm already dead

I think I've seen the light
Yes, I think I've seen the light
I'm gonna be here a long time
