Visit "[Happy Earth Day](#)" on MotoLyrics.com

Today is the first day of our time.
We made it out.
Today is the last day of our lives.
We'll all burn out
Too soon to say
Just who's to blame
For all the games
We choose to play
Today...

I'm on top of the world
And I'm alone
Just waiting for the world to end.
I knew it all along
And I was sure
That I'm just waiting for the world to end.
I can't take it out on you.
I can't make it out of you.
I can't take you, I can't break you out of you.
We're never gonna make it out
We're never gonna make it alive. Today is the first day
of our fight.

We're all too proud.
Today is the last day of our mind.
We've figured out
Too late to say
Just who's to blame
For all the games
We choose to play
Today...

I'm on top of the world
And I'm alone
Just waiting for the world to end.
I knew it all along
And I was sure
That I'm just waiting for the world to end.
I can't take it out on you.
I can't make it out of you.
I can't take you, I can't break you out of you.
We're never gonna make it out

We're never gonna make it alive.
