“The Art” Lyrics

11. W.D.G.A.F. Ft. Brawdway & Rockstar

We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We do what we want
We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We don't give a fuck

We don't give a fuck
We do what we want
We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We do what we want
We don't give a fuck
We don't really give a fuck

(JET PHYNX)

Velvet rope lift, come and party with me
Escorted by some models, bottles sparking like New
Years Eve
Shades on in the club, I'm felling little tipsy
DJ drop that new Jet Phynx
My eyes are too beautiful baby girl you cannot see
them
We came to party, get natty only way I see it
Blowing herb V.I.P only nigga that ain't weeded
Double fistin with two bottles of Rose, steady cheasin'
Your girls are fuckin me, and shes touching me
Rewind it back
Shes fucking, you pissed poutin
Wanna leave the club is packed
We're standing on the couch baggin up like some
groceries,
I'm catching contact flickin off to paparazzi

Tonight's the night

Stuff your little B cups
Party like a diva, party like a Rockstar
Ride around in hot cars
Paparazzi flash cameras
(TMZ)
As soon as we roll up
A life of a celebrity
No reason to act fly
No reason to act shy
We don't give a fuck

(JET PHYNX, BRAWDWAY, & ROCKSTAR)
We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We do what we want
We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We don't give a fuck

We don't give a fuck
We do what we want
We don't give a fuck
With our drinks up, and our hands up
We don't give a fuck
We do what we want
We don't give a fuck
We don't really give a fuck

(BRAWDWAY)
We're gonna notty party til we lose our memory
I'm talkin shots, shots, shots to the death of me
I'm so red hot, hot, hot the devil follows me
I'm packing weapons if you don't see look look my
accessories
I'm a rock bitch, dancing on the cou- ou- ou- couch
I've got my black lips, the guys want to find ou- ou- ou-
out
I leave my mark on every hot guy I see
And I could give a fuck that your girlfriend is watching
me

(ROCKSTAR)

I'm reppin in this place
Bottles, cameras, bitches all around
High like outer space
Standing on this couch, can't touch the couch
Haters got an attitude, but it's what we go through
The hawk is up tonight, socialite, and I'm out of my
mind
Take you on a ride, roller coaster baby close your eyes
She said she want to leave with me
Her friend too, just us three
Welcome to a side dark as light
Put your hands to the sky
This is how I'm livin
(I said)
This is how I'm livin
Its r-r-r-rockstar
And the fu fuck im not giving

(JET PHYNX)
