Now maybe  
I didn't mean to treat you bad  
But I did anyway

Now maybe  
Some would say your life was sad  
But you lived it anyway

And so maybe  
Your friends they stand around  
They watch you crumble  
As you fall onto the ground

And then someday  
Your friends they stand beside  
As you were flying  
Oh you were flying oh so high

But then some day people look at you  
For what they call their own  
They watch you suffer  
Yeah, they hear you calling home

And then some day we could take our time  
To brush the leaves aside  
So you can reach us  
Hey, but you left me far behind

Now maybe  
I didn't mean to treat you oh so bad  
But I did it anyway

Now say, but maybe some would say  
You're left with what you had  
But you couldn't share the pain  
No, no, no

Couldn't share the pain  
They watch you suffer, mmm hmmm

Now maybe  
I could have made my own mistakes

But I live with what I've known

And then maybe  
We might share in something great  
But won't you look at where we've grown?  
Won't you look at where we've gone?

But then someday comes  
Tomorrow holds a sense of what I fear for you  
In my mind  
As you trip the final line

And that cold day when you lost control  
Shame you left my life so soon  
You should have told me  
Hey, but you left me far behind

Now maybe  
I didn't meant to treat you oh so bad  
Oh, but I did anyway

Now maybe  
Some would say you're left with what you had  
Oh, but you couldn't share the pain  
No, no, no

(Solo)

But maybe  
I didn't mean to treat you oh so bad  
Oh, but I did anyway

No maybe  
Some would say you're left with what you had  
But you couldn't share the pain

I said, now times have changed your friends  
Have come and watch you crumble to the ground  
They watch you suffer  
Yeah, they hold you down  
Hold you down

Maybe brother, maybe love  
I didn't mean to treat you bad  
But you left me far behind

Left me far behind  
Left me far behind
