Tell me do you think itd be all right  
If I could just crash here tonight  
You can see Im in no shape for driving  
And anyway Ive got no place to go  
And you know it might not be that bad  
You were the best Id ever had  
If I hadnt blown the whole thing years ago  
I might not be alone  
Tomorrow we can drive around this town  
And let the cops chase us around  
The past is gone but something might be found  
To take its place...hey jealousy  
And you can trust me not to think  
And not to sleep around  
If you dont expect too much from me  
You might not be let down  
Cause all I really want is to be with you  
Feeling like I matter too  
If I hadnt blown the whole thing years ago  
I might be here with you  
Tomorrow we can drive around this town  
And let the cops chase us around  
The past is gone but something might be found  
To take its place...hey jealousy  
She took my heart  
Theres only one thing I couldnt start
