Ohhhh  
Pull  
Pull away  
Away from everyone  
Is there some way out?  
Somewhere you can go?  
Oh no no no  
We don't have the answers, sailed a thousand years,  
that's on your own  
Is there one thin resolution?  
Are you cold?  
Is there everything  
I said, is everything they push upon you?  
Still I watch you pull away  
Away  
Away  
Away from everything, you pull away

Won't you come on, pull  
Pull away  
Away from everyone  
Is there no way out?  
No where left to roam?  
Oh no no no  
We don't have your answers  
You're a thousand years, still on your own  
But there's one thin resolution  
Are you cold?  
Is there everything?  
I said, is everything they push upon you?

Still I watch you pull away  
You pull away  
You pull away  
Away from everyone  
You pull  
Pull away  
You pull away

Oh won't you heal my broken hands, they lay upon you

Wrap my soul around

Still I watch you pull away  
Heal my broken hands, they lay upon you  
Wrap my soul around you  
Still I watch you pull away

Trail of tears  
On your trail of tears  
But you pull, pull away  
Away from everyone  
Pull, pull away  
Away from everyone  
Is there somewhere, somewhere you can go?  
No, there's no nowhere  
Nowhere left to run  
Still you pull, you pull away  
Away  
Away  
Away from everything  
You pull,  
You pull away  
You pull away

Oh won't you heal my broken hands, they lay upon you  
Wrap my soul around  
Still I watch you pull away  
Heal my broken hands, they lay upon you  
Wrap my soul around you  
Still I watch you pull away

You pull away  
You pull away  
You pull away  
Away from everyone  
You pull away  
You pull away  
You pull away
