I got all I want
I got all I need
She gave everything
She come over me

I will be taking time hey
Await her answering
And I got all I have
She come over me
She come over me

[Chorus:]
My heart is racing
Her hands on my hips we collide
My hands discover her breath heaves with mine so
alive
Oh I've waited too long for this night
Put your hands on me
Hearts are racing desire her, I love
She come over me

And I got everything
And she got all I need

We gonna take our time oh
She come over me
She come over me

[Chorus:]
My heart is racing
Her hands on my hips we collide
My hands discover her breath heaves with mine so
alive
Oh I've waited too long for this night
Put your hands on me
Hearts are racing desire her, I love
She come over me
She come over me yeah

Oh lover you see that
There's something I need only you
Oh lover you see that

There's something in me you can move
Oh baby you're loving me
Baby you're loving me
Baby you're loving me
Baby you're loving me

Oh lover you're all that I need, all I need
Oh lover you're all that I need, all I need
She come over me

[Chorus:]

She come over, she come over me yeah
She come over, she come over me yeah
She come over, she come over me
