Met a man just the other day ---
Said his name was jim. boy, won't you take a look!
Got a car for you --- it's a real steal
Cleaned it right down --- new brakes, clutch and here's
the hook
Yes, it's a 4.w.d. (low ratio)

Cash to jim. i took it home
Through the deep mud. plugged happy as a boy in
sand
Fitted wide tyres, spotlight, a winch as well
And some brush bars up front to complete the plan
Now it's really a 4.w.d. (low ratio)

Take you down to the edge of town
Where the road stops, we start to hold the ground
Well, i'm blessed! got traction in a special way
Hold the roll bar, slide back, feel me pull it round
Let me show you my 4.w.d. (low ratio)
