Visit "[Lies By Thousands](#)" on [MotoLyrics.com](https://MotoLyrics.com)

A thousand words can paint the picture  
and what you got dont mean much to me  
I dont know what I might conquer  
with lies like these

A thousand words can paint the picture  
and what you got dont mean much to me  
no one know what I might conquer  
with lies like these

(lies like these)

A thousand words can paint the picture  
  
and what you got dont mean much to me  
I dont know what I might conquer  
with lies like these

A thousand words can paint the picture  
and what you got dont mean much to me  
I dont know what I might conquer  
with lies like these

(lies like these)
