"And Further On"

Visit "[And Further On](#)" on MotoLyrics.com

We saw the heavens break and all the world go down to
sleep
and rocks on mossy banks drip acid rain from craggy
steeps
Saw fiery angels kiss the dawn
Wish you goodbye till further on
Will you still be there further on?

And troubled dynasties, like legions lost, have blown
away
Hounds hard upon their heels call to their quarry ---
wait and play
Before the last faint light has gone

Wish you goodbye till further on
Will you still be there further on?

The angry waves grow high --- cut icy teeth on northern
shores
Brave fires that flicker, cough --- give way to winds
through broken doors
And with the last line almost drawn --- wish you
goodbye till further on
Will you still be there further on?
