"Doctor To My Disease"

Visit "[Doctor To My Disease](#)" on MotoLyrics.com

I've been treated for mild depression
And I've been treated for growing pains
I've been treated for hallucinations
Now I can see it all coming again

Well, you can wind me up
Yeah, you can slow me down
You can dig a little
You can mess me around

But there's one thing I should tell you
To which you must agree
There's no use you playing
Doctor to my disease
Said it's no use you playing
Doctor to my disease

I got no cure for this condition
You've been causing me tonight
Well, you put my heart in overdrive
Hand me the bullet, I must bite

Well, you can stir me up
And you can cut me down
You can probe a little
Push that knife around

But there's one thing I should tell you
To which you must agree
It's no use you playing
Doctor to my disease

No use you playing
Doctor to my disease
No use you playing
Doctor to my disease

Do you have to break my engine
So you can fix it up again?
Tuned to crazy imperfection
Just to score me out of ten

Well, you can wind me up
Yeah, you can slow me down
You can dig a little
Yeah, you can mess me around

But there's one thing I should tell you
To which you must agree
That it's no use you playing
Doctor to my disease

No use you playing
Doctor to my disease
No use you playing
Doctor to my disease
