"Far Alaska"

Visit "[Far Alaska](#)" on MotoLyrics.com

Placing people in their dreamscape
with fantasies of foreign fields
Lofty spires all well appointed
In off-season special deals

To far Alaska... down to Rio in the Carnival
Norwegian fjords in the ever-light of Solstice call

A part of me might travel with you
in a freebie bucket seat for one
Business First - at last, forever
Hopeless thoughts of flying fun
Now get me out of here I cry in air rage psycho-doom
I'm only dream-arranging from the safety of my room

Pick a place or stick a pin in
any corner of the sphere
Post me cards and tell me nicely
Say you wish that I was here

To far Alaska... down to Rio in the Carnival
Norwegian fjords in the ever-light of Solstice call
