I have to call you up  
Think I've seen a vision of rhythm in gold  
No cat could ever move that way  
No puss would dare to be so bold

Must tell the boys to follow you  
Catch you where you go to ground  
A lady of means, I can see  
Rhythm in gold is getting to me  
What's your name and where can I find you?

Are you just a rich man's friend  
Or was it always in the family?  
You seem to throw the challenge down  
By the way you didn't even look at me  
Put the boys on you, immobilize your nine-eleven

There's nothing I could do for you  
That would really matter much anyway  
You belong to everyone  
Rhythm in gold's the number that you play  
Put the boys on you, sabotage your nine-eleven
