It's a lonely life I live and I live this life to go
And if I leave you with one thing, it's just that I want you
to know
I'll still be loving you tonight

I left flowers on your table, left the lock on your door
Staked a claim in your heartlands, put grain in your
store
I'll still be loving you tonight, still loving you tonight

Got fingers on the button of that telephone dial
Call in, move your mountains, fill your spaces while
I'm still loving you tonight, I'm still loving you tonight

You want to know how I can leave you?
How can I move along this way?
Too much of a good thing can make you crazy
And it's a good thing that happened to me today
I'll still be loving you tonight, still be loving you tonight

It's a lonely life I live and I live this life to go
And if I leave you with one thing, it's just that I want you
to know
I'll still be loving you tonight, yes, I'll still be loving you
tonight

Still be loving you tonight, I'll still be loving you tonight
Still be loving you tonight, I'll still be loving you tonight
