"To Be Sad Is A Mad Way To Be"

I've been about dizzy now, to be sad as a man will be.

I've been about dizzy now, to be sad as a man will be.

Don't miss my point of view, without lookin' you won't see.

You 'bout to believe it now: you can be happy everyday.

Don't believe a little word now, you can be happy everyday.

The merry time you'll ever have, you wear it down in everyway.

I've been about dizzy now, to be sad as a man will be.

I've been about dizzy now, to be sad as a man will be.

Don't need to wear this thing out, you wear it down in everyway.
