When the worlds/words???? Harder work????  
All the things we were fighting for just for you ???  
I want to shake you and make you believe  
Sooner or later  
Can't walk out on

Tender Criminal  
You're hardly not innocent

And the delicate remark is visible in an instant  
They belong to ???? dramatized by dreams  
Why cant you see we're common, united  
Even if we constantly can't stop fighting

I don't want revenge  
I just want to try sometimes

My head is on fire  
What kind of god  
Would ever allow this to happen?  
They're building a bomb  
A more perfect breast  
They're teaching the natives computers

I don't want to die  
Don't know how to live  
I tell you I'm having this problem  
Performing in bed  
When you go out  
I feel like a spy in my body

had a nervous collapse  
had to run through my life

had to break up the band  
to know it was mine  
sometimes you gotta be sad  
just to know who you are  
i don't know who you are.

I don't want revenge  
I just want some tenderness

This is the news  
They poisoned the well  
There's so much that I didn't tell you  
you ask how I am  
I tell you on fire  
I feel like a drop in the bucket  
What can you do?  
I'm making a scene  
Acting alone on an impulse  
If this is the end  
Don't wanna be right  
I wanna try

And I know it's ending  
And I know it's ending  
And I know it's ending  
And I know it's ending
