Blooming black flower wine.  
Slashed arms and new cut smiles.  
Taller for the falling down.  
Stronger now without you around.  
The prophecies were realized when we gave them  
proper time.  
All truths come to light after lies have had their night.  
And it's hard without you,  
but it's harder not to doubt you when you're so polite.  
I'm too uptight.  
You've grown more beautiful since you took off.  
What can I do?  
I'm in love with you and it won't stop.  
You're the one I want.  
Cookie crumbs and alcohol.  
Crooked hands, the band's on hold  
'cause your shoulders make me old and your  
concerns...  
they leave me cold.

And it's hard to leave you, but it's harder to believe  
you.  
Harder to believe you when you smile crooked style.  
You've grown more beautiful since you took off.  
What can I do?  
I'm in love with you and I can't stop.  
What's best for everyone is bound to hurt somebody.  
What's best for everyone is killing me.  
Let me down. Set me down. Let me down easy.  
Blood crushed from a clock.  
I'm in love but we just talk and your teeth make me  
weak  
and you're keeping them from me.
