Some people are so afraid
Of letting life be exactly what they wanted
But if you just give yourself away
You may find out it's what you make it
It's just another day, it's just another way
Still you don't know what to say.
Cause it's inside of you, and it's inside of me
And I can show you the way

This is not what i'm supposed to feel like
But after everything is done I can say it's been a good
life

And if I die tomorrow, I die a happy man
I've accomplished everything I wanted, to some extent
And you might, say that I'm a little too young too know
for sure
But I do and that's alright
I don't need advice from anyone, on how to live my life

This is not what i'm supposed to feel like
But after everything is done I can say it's been a good
life
This is not what i'm supposed to feel like
But after everything is done I can say it's been a good
life

Ohhhhhh, it's been a good life
Ohhhhhh, it's been a good life
This is not what i'm supposed to feel like
But after everything is done I can say it's been a good
life
And all this time that you spent trying to figure
Out what life meant
It doesn't matter much now cause I know
It's been a good life
This is not what i'm supposed to feel like
But after everything is done I can say it's been a good
life
