All I want is everything and that is what she offered me
so
I'll take it one day at a time, and never stop to question
why
She fell for me in the first place i'm second best
I'm second rate and
She doesn't seem to mind that I don't have all the
answers
And all I can say is

Don't try to understand, just feel it
She doesn't know what to expect
But expectings never brought her much
And all i know is that
Everythings gone better since her touch

I love the way that we stay up all night
And talk about nothing
And everytime I see her smile, well
It makes me believe in life again

Don't try to understand, just feel it
She doesn't know what to expect
But expectings never brought her much
And all i know is that
Everythings gone better since her

She doesn't know what to expect
But expectings never brought her much
She doesn't know what to expect
But expectings never brought her much
Allllllllllll I know is that everythings better
Allllllllllll I know is that everythings gone better

She doesn't know what to expect
But expectings never brought her much
And all i know is that
Everythings gone better since her, touch
