They say you're feeling charitable  
And that she's just a helpless little girl  
You say she needs counseling  
But I find it hard to believe  
Cause baby looks like  
A very big girl to me

You say she's harmless  
I don't know about that  
She's just a kitty but to me  
Looks like a very capable cat  
What'cha say about that?  
You say she's unattractive,  
She doesn't turn you on  
But that expression on your face  
Ain't exactly a yawn  
You say she needs advising  
But I find it hard to believe  
Cause baby looks like  
A very big girl to me

Yeah that cupcake  
Don't exactly look like no hostess to me  
Cause baby looks like  
A very big girl to me
