Lullaby, and good night, in the skies stars are bright  
May the moon, silvery beams, bring you with dreams  
Close you eyes, now and rest, may these hours be  
blessed  
Till the sky's bright with dawn, when you wake with a  
yawn

Lullaby, and good night, you are mother's delight  
I'll protect you from harm, and you'll wake in my arms

Sleepyhead, close your eyes, for I'm right beside you  
Guardian angels are near, so sleep without fear  
Lullaby, and good night, with roses bedight  
Lilies o'er head, lay thee down in thy bed

Lullaby, and good night, you are mother's delight

I'll protect you from harm, and you'll wake in my arms

Lullaby, and sleep tight, my darling sleeping  
On sheets white as cream, with the head full of dreams  
Sleepyhead, close your eyes, I'm right beside you  
Lay thee down now and rest, may you slumber the best

Go to sleep, little one, think of puppies and kittens.  
Go to sleep, little one, think of butterflies in spring.  
Go to sleep, little one, think of sunny bright mornings.  
Hush, darling one, sleep through the night  
Sleep through the night  
Sleep through the night
