So much space can fit in a side  
More than words can say  
I'm left here with my hands all awkward  
Trying to mend space

I used to know you  
But not anymore  
Your substance has been subtracted  
Word by word

Silence in my ears  
Where once you offered your conviction  
Your promises are dried beats  
They're cracked with nostalgia

But that's all right  
That's okay  
Had no business  
Giving myself to you anyway  
Be careful next time for sure  
And I'll  
I'll never trust my pink fleshy heart  
I'll never trust my pink fleshy heart  
To a carnivore  
Carnivore

Your soul is an ink stain  
Your perfection is amend  
You're as fragile as your thoughtlessness  
As strong as you can bend

You could only believe in embryos  
Held all your high hopes through a telescope  
Lavender haunted you  
So I could own your life in yellow

You have a fire down in genius, subtlety  
And you slip through the fingers of ambiguity

Well, that's all right  
That's okay  
Had no business

Giving myself to you anyway  
Be careful next time for sure  
And I'll  
I'll never trust my pink fleshy heart  
I'll never trust my pink fleshy heart  
To a carnivore

Well I didn't know  
But I won't do it again  
This time I'll be my own best friend  
And I'll take back my song and my poetry  
This time i won't be so easy to read

And I'll never trust my pink fleshy heart  
And I'll never trust my pink fleshy heart  
And I'll never trust my pink fleshy heart  
To a carnivore  
To a carnivore  
To a carnivore
