Good-bye baby, I don't think I'll be seeing you again
Good-bye baby, we'll say that we're still friends
Even though I know I love nobody else
And even though I know, I say to myself
That this time I'm leaving and I know that we're through
and I don't
Love you
And that I just don't care

I'm just so tired of being another statistic on tv
The classic case of I love him, but he just don't love me

So this time I'm going to be the one to say it's the end
This time I'm gonna be my own best friend
And I'm going to save some love, some love for myself
I'll kiss you all serious, it might help
And that I just don't care

I don't care
So many times, I tried to tell myself
That this love would work, if I just gave up some more
love for myself
I believed if I just quit my crying, you'd start your
trying, leave
Your lying
But I believe if I just walked away, I could say
I don't care
Don't care

You were always the cool one, you stood by the
backdoor
You said "you know, leaving sorta makes you look
good"
But this time I swear it's the best you'll ever see of me

So this time I'm going to be the one to say it's the end
This time I'm gonna be my own best friend
And I'm going to save some love, some love for myself
I'll (kiss you all serious in hell)? ? ?
And that I just don't care

I don't care

So many times, I tried to tell myself
That this love would work, if I just gave up some more
love for myself
I believed if I just quite my crying, you'd start your
trying, leave
Your lying
But I believe if I just walked away, I could say
I don't care
Don't care

*skat over two-line verse and refrain

So good-bye baby, I don't think I'll be seeing you again
