Ladidada, Ladidada, Ladidada, da da

I'm just a simple girl
In a high-tech digital world
I really try to understand
All the powers that rule this land
They say Ms. J's big butt is boss
Kate Moss can't find a job
In a world of postmodern fad
What was good now is bad
It's not hard to understand
Just follow this simple plan

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your intuition
Is easy to find
Just follow your heart, baby

You look at me but you're not quite sure
Am I it, or could you get more?
You learn cool from magazines
You learned love from Charlie Sheen
If you want me, let me know
I promise I won't say no

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your intuition
Is easy to find
Just follow your heart, baby

You've got somethin' that you're wantin' to sell
Sell your sin, just cash in
You've got somethin' that you're wantin' to tell

"You'll love me, wait and see"
If you want me, don't play games
I promise it won't be in vain

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your intuition
Is easy to find
Just follow your heart, baby

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your intuition
Is easy to find
Just follow your heart, baby

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your intuition
Is easy to find
Just follow your heart, baby
