Barcelona

Where the winds all blew  
The churches don't have windows  
But the graveyards do  
Me & my shadow are fighting again  
Look out stranger!  
There's a dark cloud moving in  
But if you could hear the voice in my heart  
It would tell you  
I'm afraid that I'm alone

Hold me, release me  
Show me the meaning of mercy  
Let it rip  
Let it fly.....

Super paranoid  
I'm leaning, I'm blending  
I'm bleeding into the scenery  
Why is it that loving someone else is easier?  
I hold myself hostage in the mirror  
But if you could hear the voice in my heart  
It would tell you  
I think I'm too far from home

Hold me, release me  
Show me the meaning of mercy

Let it rip  
Let it fly.....

I won't be held back  
I won't be held down  
I won't quit listening, no matter what they say  
It's just this last stamp between me & my shadow  
But we are at union and all the way  
Going all the way  
Take a leap of faith

The red light haunts me  
But no more!  
I won't go down that avenue

But if you could hear the voice in my heart  
It would tell you  
I'm tired of secrets  
I'm tired of feeling this way

Won't you please hold me  
Release me  
Show me the meaning of mercy  
Let it rip  
Let it fly.....
