"Little Bird"

There's a little bird
Somebody sent down to Earth
To live along the wind
Blowing on the wind
And she sleeps on the wind
This little bird, somebody sent

Light and fragile
And feathered sky blue
Thin and graceful
The sun shining through
She flies so high up in the sky
Way out of reach of human eyes

Light and fragile
And feathered sky blue
Thin and graceful
The sun shining through
She flies so high up in the sky
Way out of reach of human eyes

Light and fragile
And feathered sky blue
Thin and graceful
The sun shining through
And the only time that she touches ground
Is when that little bird, little bird
Is when that little bird, little bird
Is when that little bird, little bird
Is when that little bird dies
