

Jewel "Satellite"

Visit "[Satellite](#)" on MotoLyrics.com

NEARLY ALL THE LYRICS ARE WRONG, ALTHOUGH
THESE ARE WHAT IS
LISTED AT JEWELS WEBSITE, THESE ARE NOT THE
SAME AS THOSE IN
THE CD BOOKLET AND DON'T EVEN MAKE SENSE!
THESE ARE THE
CORRECT LYRICS:

babies on beach blankets headed for mars
cute boys with crew cuts and day glow surf boards
there's a pretty lady in a bikini
her eyes are bright
but her teeth look like smashed out window panes
she's trying to fix her dreams
with sushi and facials and carrot juice

THERE'S A WHITE WALL THAT WE CAN'T SEE OVER
NOW
BUT THAT'S OKAY WE'RE STILL LEARNING;MISTAKES
THEY ARE
ALLOWED
IF YOU'RE A SATELLITE OH OH OH

yoga classes so you can look good in your singles bar
california's sure lovely; it's the home of the stars
and everybody is a nice body
but souls are like shadows;hollow inside, choked
and hiding behind volleyballs and valium and power
bars

THERE'S A WHITE WALL THAT WE CAN'T SEE OVER
NOW
BUT THAT'S OKAY WE'RE STILL LEARNING;MISTAKES
THEY ARE
ALLOWED
IF YOUR A SATELLITE OH OH OH

we understand a lot of things

about modern technology but not about dreams
our hearts are on the shelves
we can't fix ourselves

but we can fix a satellite

because in hollywood the heros are strung out on
grace
and half-skinned gypsies are crying to leave this place

THERE'S A WHITE WALL THAT WE CAN'T SEE OVER
NOW
BUT THA'S OKAY WE'RE STILL LEARNING;MISTAKES
THEY ARE ALLOWED
IF YOUR A SATELLITE OH OH OH
WE CAN FIX A SATELLITE OH OH OH

bop ba da bopba da ba da
bop ba da ba, uh uh
bop ba da bopba da ba da
bop ba da ba

the pope can't fix my broken heart
rock-n-roll can't fix my broken heart
valium can't fix my broken heart
Ms. Cleo can't fix my broken heart
but will you fix my broken heart
oh, will you fix my broken heart
cause i'm gonna give you
a satellite, satellite, a satellite, satellite
satellite, satellite, a satellite, a satellite tonight
fix my broken heart
fix my broken heart

bop ba da bopba da ba da
bop ba da ba, a satellite
bop ba da bopba da ba da
bop ba da ba, satellite, satellite
