The doorway frames  
You a perfect picture silhouette  
Blue sky of regret  
Enough to hang out

Your legs seemed to tremble  
At least I imagine that they do  
Then again, it's probly easy for you

Please don't open your mouth my dear  
I can read all the signs I can take it from here  
There's no need to explain  
It's perfectly clear

The yellow wall paper peels  
A strange halo around your head  
It's funny how you notice these  
Stupid things instead

You say something awkward  
But I wish that you wouldn't  
A whole life of you wish you could's  
But just couldn'ts

Please don't open your mouth my dear  
I can read all the signs I can take it from here

There's no need to explain  
It's perfectly clear

I try not to fight too much  
It only just makes me mad  
Spent half my life loving you  
Think of all the love that I could have had

Five years of kisses  
Packed in my bags  
And this tiny moment fits  
All the big things we ever had  
I can't quite pinpoint  
When it left or what for  
Love always steps lightly

Away from the door

Please don't open your mouth my dear  
I can read all the signs hell I've known you for years  
There's no need to explain  
No there's no need to explain  
There's no need to explain  
It's perfectly clear
