The shadows are waltzing
The moon beams are calling
Like a dream I am falling into
Silver threads lined with two twinkling stars seem
To shine just for you

Behind your eyes
Are endless blue skies
You travel places I want to come to
Each breath that you breathe is a brush stroke
That leads me to you

So, sleep
Fall into night's indigo hue
Believe me it's true
There's nothing that I would not do
For my dream is sweet dreams for you

It seems far away
but there once was a day
It was grey in a world without you
To this heart like a doll from above
A miracle of your love found me

So, sleep
Fall into night's indigo hue
Believe me it's true
There's nothing that I would not do
For my dream is sweet dreams for you

So hush-a-bye
And don't you cry
Sweetly dreaming, little baby

Yes, sleep
Lose yourself in night's indigo hue
Believe me it's true
There's nothing that I would not do
For my dream is sweet dreams
Yes, my dream is sweet dreams for you
