This feeling in my heart
Can't start to describe what you mean to me
Sweet mystery
When I'm lying in my bed
the thoughts that fill my head
Well, they're ecstasy
Baby can't you see

I think I will,
I think I might let go
Let myself fall
It does not really matter
If we speak at all
'Cause in the darkness
I swear, I hear the language of your heart
And it says, "Thump Thump,
Let's jump,
Let's fall in love"

Well this house is not home
If I'm left alone
Without you in my bed
I roll around like a marble instead
And you're holding me tight
All through the night,
I miss you by my side
No, it's not right
So, I think I will
I think I might let go
'Cause it does not really matter
If we speak at all
'Cause in the darkness
I swear, I hear the language of your heart
And it says, "Thump Thump
Let's jump
Let's fall in love"

Melodies appear
Everytime your near
The scent of your skin
Moves me, oh, sin
Your skin, well it does me in

So get yourself over here

Because it does not matter
If we speak at all
'Cause in the darkness
I swear, I hear
The language of your heart
And it says, "Thump Thump"
And it says, "Thump Thump"
And it says, it says "Thump Thump"
It says "Let's jump,
Let's fall in love"
