Bees are buzzin' in their honey catacomb  
All the noise seems to call my head a home  
Can't escape the scratchin'  
My blood makes a noise  
It's hard not to play when there are so many toys  
So many toys

Under the water  
The total is more than the sum  
Under the water  
I hear who I'll become

There's a hole inside my head where all the thoughts  
leak out  
Sometimes my flesh is filled with forgetfulness and  
doubt  
It's easy to feel separate, no control of the reigns  
Innocence ain't lost it just needs to be maintained  
It needs to be maintained

Beside me are strange fish, moody and dark  
A tapestry of intention that maintains the spark  
And there's a tiny light  
A flicker within  
Forgiveness is the needle that knows how to mend  
It knows how to mend

Under the water  
The total is more than the sum  
Under the water  
I hear who I'll become

(Spoken "Rap")  
I've decided to hear who we will become  
Wanna lay down in the water, go back to where I'm  
from  
Outer space is just a puzzle of stars  
Music the mechanics of the human heart  
A post that stirs, a shadow that casts  
An insatiable thirst drains a martini glass  
There's no place sacred, no honest reflection  
Our senses made senseless by a lack o' direction

Monks are great with their fists uncurled  
But they live in a cave, they know nothin' of the world  
I wanna live brave, I wanna love without fear  
But it's hard to navigate when I can't even hear

(Do do do do do do do,  
Do do do do)

Bees are buzzin' in their honey catacomb  
All the noise seems to call my head a home  
Can't escape the scratchin'  
My blood makes a noise  
It's hard not to play when there are so many toys  
There're so many toys

Under the water  
The total is more than the sum  
Under the water  
I hear who I'll become

Under the water  
My flesh is filled with stars  
Under the water  
I hear who we really are

Under the water  
I lay my burdens down, down, down  
Under the water  
All resistance drowns

(Do do do do do do do do, Do do do do)  
(Do do do do do do do do, Do do do do)  
(Do do do do do do do do, Do do do do)  
(Do do do do do do do do, Do do do do)  
(Do do do do do do do do, Do do do do)

Come on, come down, down, down under go,  
A-go down on and go down under  
Go under the water  
I hear who I'll become

Under the water  
I lay my problems down  
Under the water  
All my resistance drowned
