"Who Will Save Your Soul"

who will save your soul
people living their lives for you on tv
they say they're better than you and you agree
another burger, another hot dog, some fries
a wish in the well, hope your health don't go to hell, well
another doctor's bill, another lawyer's bill
another cute cheap thrill
you know you love him if you put him in your will
who will save your soul when it comes to the flower now
who will save your soul after all the lies that you told,
boy
who will save your soul if you won't save your own?
we try to hustle them, try to bustle them, try to cuss
them
the cops want someone to bust down on orleans
avenue
another day, another dollar, another war, another
tower
went up where the homeless had their homes
so we pray to as many different gods as there are
flowers
but we call religion our friend
we're so worried about saving our souls
afraid that god will take his toll
that we forget to begin
some are walking, some are talking, some are stalking
their kill
you got social security, but that don't pay your bills
there are addictions to feed and there are mouths to
pay
so you bargain with the devil, say you're o.k. for today
you say that you love them, take their money and run
say, it's been swell, sweetheart
but it was just one of those things
those flings, those strings you've got to cut
so get out on the streets, girls, and bust your butts
