Girl, you've taken a piece of me  
That I didn't wanna give  
Without it, I can't live, no  
It's makin me look so silly  
That my friends talk about me  
They don't understand.

CHORUS

For your love (for your love)  
I would cry (I would cry)  
Even sacrifice my life.  
Wouldn't think twice.  
Be your fool.  
Don't mind it's cool (I don't mind)  
Everything I say is true  
Because I'm breakin all the rules  
For you

Somethin something, sorry don't know the Spanish  
words too well!!  
Te quieras  
Something...something..lmao..

Girl you're takin good care of me  
I can feel it deep inside  
And my body doesn't lie, no  
The way you love me I can't believe  
That I'm the only one  
Havin this much fun

CHORUS

Repeat Chorus till fade
